

Join Dartfish at the foot of the  
Colorado Rockies for  
Basic Tagging Training at  
Eaglecrest High School  
Saturday July 28th

**DARTFISH**   
VIDEO SOFTWARE SOLUTIONS

Tagging Training / South of Denver / July 28 / 9-3

**Dartfish Connect Plus and TeamPro users** will learn how the Tagging Module is used and how to create a video index, which can be searched and then shared via CD/DVD or in group presentation. The Tagging Module brings digital video into your computer and allows you to create an easily accessible index of video content, with cross-referencing ability.

**You will learn how to:**

- Manage games/individual performances/events
- Access specific plays, games, athletic performances, events
- Create events
- Analyze events
- Present and share events

**You will need to bring to the training:**

- Laptop computer with Dartfish 4.0.9 or 4.5.0 preinstalled
- Dartfish compatible video camera (MiniDV preferred)
- FireWire Cable
- Game film, if you have any with which to practice
- Video capture card (PCMCIA FireWire Card, if your computer requires one)

**Cost:** \$195 Please register at [www.buydartfish.com](http://www.buydartfish.com)

**Time:** 9:00 a.m. – 3:00 p.m.

**Location:** Eaglecrest High School / 5100 S. Picadilly St. / Centennial, CO 80112
